Also, if necessary for a complete description, attach as an Exhibit a sketch of the details and dimensions of ground system.

Exhibit No.

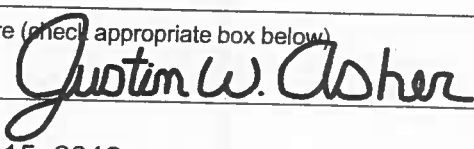

10. In what respect, if any, does the apparatus constructed differ from that described in the application for construction permit or in the permit?

A replacement of the ceramic insulator has taken place. No other changes have occurred.

11. Give reasons for the change in antenna or common point resistance.

Due to vandalism to the tower base insulator, the base insulator has been replaced with an equal height ceramic base insulator. This Form 302-AM is being filed to reflect a new antenna resistance measurement taken after the aforementioned insulator replacement.

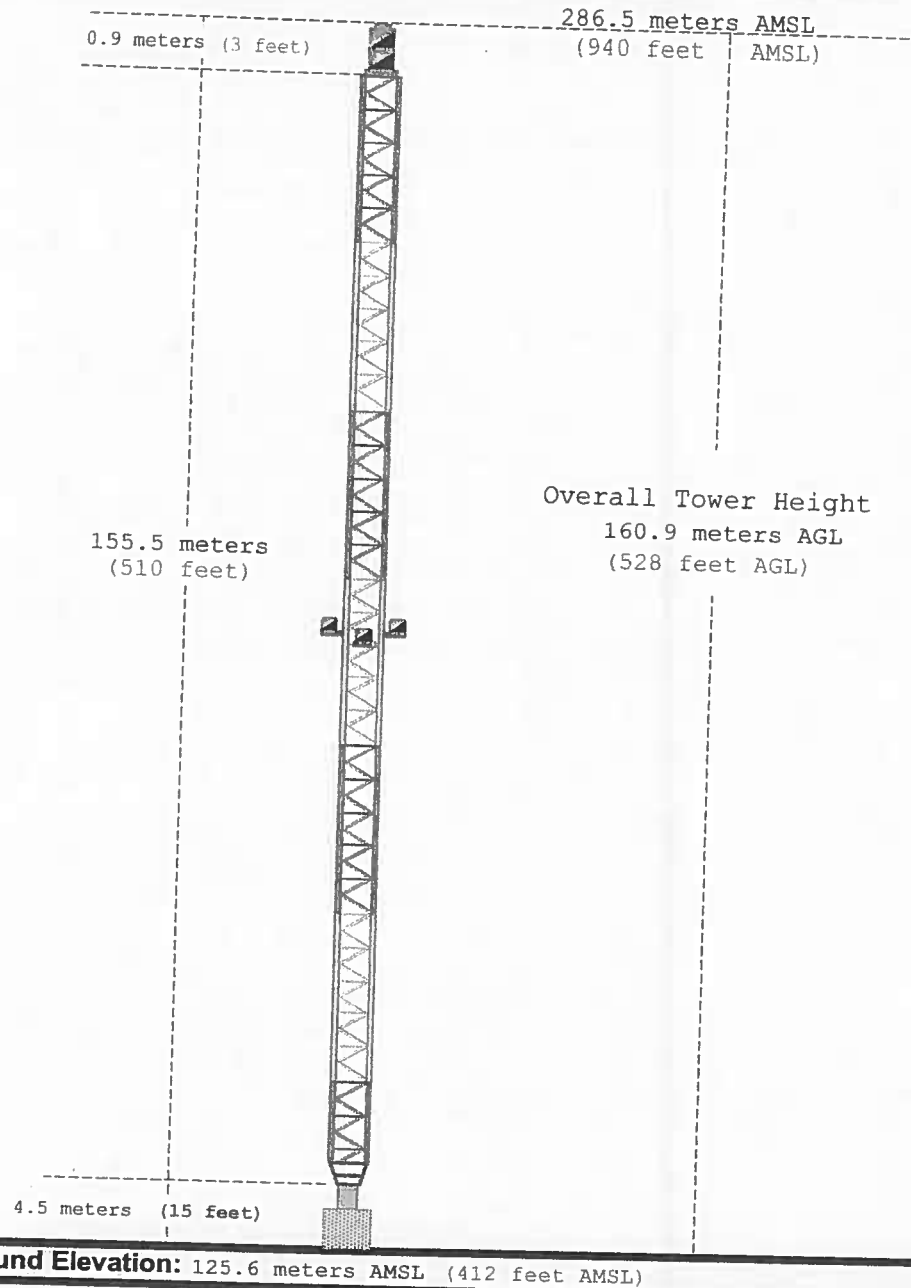

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.
